

Cant Help Falling In Love

Wise men say only fools rush in but I can't help falling in love with you.

Shall I stay Would it be a sin if I can't help falling in love with you.

Like a river flows surely to the sea darling so it goes some things are meant to be.

Take my hand take my whole life too for I cant help falling in love with you.

Like a river flows surely to the sea darling so it goes some things are meant to be.

Take my hand take my whole life too for I cant help falling in love with you.

for I cant help falling in love with you.
